DEFINITIONS

Accumulation Unit – a unit of measure we use to calculate the value in an Investment Division prior to the Income Date.

Annuitant – the natural person on whose life annuity payments for this Contract are based. Any reference to the Annuitant includes any joint Annuitant.

Beneficiary – the natural person or legal entity designated to receive any Contract benefits upon the Owner's death. The Contract allows for the naming of multiple Beneficiaries.

Business Day – each day that the New York Stock Exchange is open for business.

Completed Year – the succeeding 12 months from the date on which we receive a Premium payment. Completed Years specify the years from the date of receipt of the Premium and does not refer to Contract Years.

For example, if the Premium receipt date is other than the Issue Date or a subsequent Contract Anniversary, there is no correlation of the Contract Anniversary date and Completed Years. For example, if the Issue Date is January 15, 2025 and a Premium payment is received on February 28, 2025 then, although the first Contract Anniversary is January 15, 2026, Completed Year 0-1 for that Premium payment would begin on February 28, 2025 and end on February 27, 2026. Completed Year 1-2 for that Premium payment would begin on February 28, 2026.

Contract – the individual deferred variable and fixed annuity contract and any optional endorsements you may have selected.

Contract Anniversary – each one-year anniversary of the Contract's Issue Date.

Contract Quarterly Anniversary – each three-month anniversary of the Contract's Issue Date.

Contract Value – the sum of allocations between the Contract's Investment Divisions and Fixed Account Options.

Contract Year – the succeeding 12 months from a Contract's Issue Date and every anniversary. The first Contract Year (Contract Year 0-1) starts on the Contract's Issue Date and extends to, but does not include, the first Contract Anniversary. Subsequent Contract Years start on an anniversary date and extend to, but do not include, the next anniversary date.

For example, if the Issue Date is January 15, 2025, then the end of Contract Year 0-1 would be January 14, 2026, and January 15, 2026, which is the first Contract Anniversary, begins Contract Year 1-2.

Fixed Account – part of our General Account to which the Contract Value you allocate is guaranteed to earn a stated rate

of return over the specified period. The Fixed Account consists of the Fixed Account Options.

Fixed Account Option – a Contract option within the Fixed Account for a specific period under which a stated rate of return will be credited.

Fund – a registered investment company in which an Investment Division of the Separate Account invests.

General Account – the General Account includes all our assets, including any Contract Value allocated to the Fixed Account, which are available to our creditors.

Good Order – when our administrative requirements, including all information, documentation and instructions deemed necessary by us, in our sole discretion, are met in order to issue a Contract or execute any requested transaction pursuant to the terms of the Contract.

Income Date – the date on which you begin receiving annuity payments.

Investment Division – one of multiple variable options of the Separate Account to allocate your Contract's value, each of which exclusively invests in a different available Fund.

Issue Date – the date your Contract is issued.

Jackson, JNL, we, our, or us – Jackson National Life Insurance Company. (We do not capitalize "we," "our," or "us" in the prospectus.)

Liquidity Option – an add-on benefit that provides for no withdrawal charges.

Market Value Adjustment – an adjustment to the Contract Value allocated to the Fixed Account that is withdrawn, transferred, or annuitized before the end of the period. No Market Value Adjustment will be applied to value withdrawn, transferred, or annuitized from the GMAB Fixed Account Option.

Owner, you or your – the natural person or legal entity entitled to exercise all rights and privileges under the Contract. Any reference to the Owner includes any joint Owner.

Premium(s) – considerations paid into the Contract by or on behalf of the Owner.

Remaining Premium – total Premium paid into the Contract, reduced by withdrawals of Premium, including withdrawal charges, before withdrawals are adjusted for any applicable Market Value Adjustments or charges.

Separate Account – Jackson National Separate Account – I. The Separate Account is divided into sub-accounts generally referred to as Investment Divisions.

Separate Account Contract Value – the sum of all amounts allocated to any of the Contract’s Investment Divisions.

IMPORTANT INFORMATION YOU SHOULD CONSIDER ABOUT THE CONTRACT

	FEES AND EXPENSES			LOCATION IN PROSPECTUS
Charges for Early Withdrawals	If you withdraw money from your Contract within 5 Complete Years following your last Premium payment, you will be assessed a withdrawal charge. The maximum withdrawal charge is 6.5% of the Remaining Premium withdrawn during the first Completed Year. For example, if you make an early withdrawal within the first Completed Year, you could pay a withdrawal charge of up to \$6,500 on a \$100,000 investment. The withdrawal charge then declines by 1% or 0.5% per year for each additional Completed Year, until the end of the fifth Completed Year, after which no charge is made. There is an optional Liquidity Option available that provides for no withdrawal charges.			Contract Charges-Transaction Expenses: Withdrawal Charge
Transaction Charges	In addition to withdrawal charges, you also may be charged for other transactions, such as when you transfer cash value between investment options more than 25 times a year, or if you request expedited delivery or wire transfer of funds.			Contract Charges-Transaction Expenses

OVERVIEW OF THE CONTRACT

Q. What is this Contract, and what is it designed to do?

- A. The Elite Access II Contract is intended to help you save for retirement or another long-term investment purpose through investments in a variety of investment options during accumulation phase. The Contract also offers death benefits to protect your designated Beneficiaries. Through the annuitization feature, the Contract can supplement your retirement income by providing a stream of income payments. The Contract also offers an optional living benefit that is designed to add a level of protection from market downturns in exchange for allocating a specific percentage of your Contract Value to the GMAB Fixed Account for a set period of time. This Contract may be appropriate if you have a long investment time horizon. It is not intended for people who may need to make early or frequent withdrawals or intend to engage in frequent trading in the Funds.

Q. How do I accumulate assets in the Contract and receive income from the Contract?

- A. Your Contract has two phases:

- the accumulation phase, when you make Premium payments to us, and
- the income phase, when we make income payments to you.

Accumulation Phase

During the accumulation phase, to help you accumulate assets, you can allocate your Premium payments to:

- a variety of Investment Divisions. Each Investment Division invests in a corresponding (mutual fund) Fund, each of which has its own investment strategies, investment adviser(s), expense ratios, and returns; and
- a variety of Fixed Account Options, subject to availability, which offer a guaranteed fixed interest rate for a specified period.

A list of Funds and additional information about the Funds in which the Investment Divisions currently invest is provided in Appendix A: Funds Available Under the Contract.

Income Phase

You can elect to annuitize your Contract and turn your Contract Value into a stream of fixed and/or variable income payments from us. (Variable payments depend on the performance of the Investment Divisions.) Currently, we offer income options that provide payments for (i) the life of the Annuitant(s), (ii) a specified period, or (iii) a combination of life and a specified period. We may offer other options, at our discretion, where permitted by state law. At the Income Date, you can choose to receive fixed payments or variable payments.

Please note that if you annuitize, your Contract Value will be converted to income payments and you may no longer withdraw money at will from your Contract. All add-on benefits terminate when you begin taking income payments.

Q. What are the Contract's primary features and options?

- A. **Accessing your money.** Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a withdrawal charge, a contract maintenance charge, charges due under any optional endorsement, a Market Value Adjustment, and/or taxes, including tax penalties). Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Tax treatment. Your Premium payments accumulate on a tax-deferred basis. This means your earnings are not taxed until you take money out of your Contract, such as when (1) you make a withdrawal; (2) you receive an income payment from the Contract; or (3) upon payment of a death benefit.

Death benefits. Your Contract includes a Basic Death Benefit that will pay your designated Beneficiaries your Contract Value on the date we receive all required documentation from your Beneficiary. The basic death benefit is payable during the accumulation phase. You can purchase optional add-on death benefits under the Contract that provide additional death benefits for an additional fee. These add-on death benefits may increase the amount of money payable to your designated Beneficiaries upon your death.

Add-on benefits that occur during your lifetime. For an additional fee, you can purchase the Principal Guard Guaranteed Minimum Accumulation Benefit (“Principal Guard GMAB”) that guarantees a minimum Contract Value at the end of a set period, regardless of the performance of the underlying investment options, subject to certain conditions. The Principal Guard GMAB requires a portion of your Contract Value be allocated to the GMAB Fixed Account Option for a set period of time, leaving you with less Contract Value to allocate to other Contract Options during that time period.

Some add-on benefits may provide significant incentives for not taking withdrawals. All add-on benefits terminate when you annuitize your Contract voluntarily or on the Latest Income Date. The Principal Guard GMAB terminates automatically at the end of the Guarantee Term unless re-elected.

Rebalancing. At no additional charge, you can arrange to have us automatically reallocate your Contract Value among Investment Divisions and the one-year Fixed Account Option (if currently available) periodically to maintain your selected allocation percentages. Certain restrictions apply.

Dollar Cost Averaging. Alternately, at no additional charge, you may select either (i) Dollar Cost Averaging, which automatically transfers a dollar amount or percentage of money periodically from the one-year Fixed Account Option or any of the Investment Divisions into the Investment Divisions and other Fixed Account Options, or (ii) Dollar Cost Averaging Plus (DCA+), which automatically transfers a dollar amount or percentage of money periodically from the DCA+ Fixed Account Option to Investment Divisions or other Fixed Account Options. Certain restrictions apply.

Earnings Sweep. At no additional charge, you can choose to move your earnings from the one-year Fixed Account Option, if currently available, and the JNL/Dreyfus Government Money Market Investment Division. Restrictions apply.

MAKING WITHDRAWALS: ACCESSING THE MONEY IN YOUR CONTRACT

Q. Can I access the money in my account during the accumulation phase?

A. Until you annuitize, you have full access to your money. You can choose to withdraw your Contract Value at any time (although if you withdraw early, you may have to pay a withdrawal charge, a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and/or taxes, including tax penalties). If you choose the optional Liquidity Option, you will not pay a withdrawal charge on a partial or full withdrawal.

You can have access to the money in your Contract by making a partial or total withdrawal or by electing the Automatic Withdrawal Program. Withdrawals will reduce the Contract Value of your Contract (including the amount of the death benefit). However, withdrawing the Contract Value of your Contract below a certain level will terminate your Contract.

Certain benefits may limit withdrawals under the Contract. Certain withdrawals could substantially reduce or even terminate the benefits available under the Contract.

Q. Are there limitations and consequences associated with taking money out of my Contract during the accumulation phase?

A. Yes. These limitations and consequences include:

Limitations on withdrawal amounts	The minimum withdrawal amount is the lesser of \$500 or, if less, the entire amount in the applicable Investment Division or Fixed Account Option. The minimum withdrawal is \$50 under the Automatic Withdrawal Program.
Charges, Market Value Adjustment, and taxes	As described above, when you take out money, there may be withdrawal charges, a contract maintenance charge, charges due under any add-on benefit, a Market Value Adjustment, and applicable taxes.
Negative impact of withdrawal on benefits and guarantees of your Contract	A withdrawal may have a negative impact on certain standard benefits or add-on benefits that you may elect. It may reduce the value of or even terminate certain benefits.

Q. What is the process to request a withdrawal of money from my Contract?

A. You can request a withdrawal from the Contract at any time before the Income Date. To request a partial or total withdrawal, you can send a written request in Good Order to one of the following addresses:

Regular Mail P.O. Box 24068, Lansing, Michigan 48909-4068	Express Mail 1 Corporate Way, Lansing, Michigan 48951
---	---

Generally, for partial or total withdrawal requests received in Good Order before the end of the Business Day, we will process your request that day. If we receive your request in Good Order after the close of the end of the Business Day, your request will be processed the next Business Day. Generally, Jackson will pay the withdrawal proceeds within seven days of a request in Good Order.

Q. Can I access the money in my account during the income phase?

A. The income phase of your Contract occurs when you begin receiving regular income payments from us. You can choose an income option and the date income payments begin (subject to a maximum age). All of the Contract Value must be annuitized. If you annuitize, you may no longer withdraw money at will from your Contract. However, under income options with a specified period, the Beneficiary may request a lump sum payment subject to a commutation fee.

² Between Monday and Friday, the Expedited Delivery Charge is \$10. On Saturday, the Expedited Delivery Charge is \$22.50.

³ Standard wire fees are \$20, international wire fees are \$25.

The next table describes the fees and expenses that you will pay each year during the time that you own the Contract (not including Fund fees and expenses). If you choose to purchase an add-on benefit, you will pay additional charges, as shown below.

Annual Contract Expenses

Administrative Charges	Maximum Charge
Annual Contract Maintenance Charge ¹	\$50
Base Contract Charges (% of average daily account value of Investment Divisions)	Maximum Charge
Core Contract Charge ²	1.00%

¹ This charge is waived on Contract Value of \$50,000 or more. This charge is deducted proportionally from allocations to the Investment Divisions and the Fixed Account either annually (on your Contract Anniversary) or in conjunction with a total withdrawal, as applicable.

² This charge is reduced to 0.85% if the Contract Value on the later of the Issue Date or the most recent Contract Quarterly Anniversary is greater than or equal to \$1 million (for Contracts issued prior to October 21, 2024), or \$250,000 (for Contracts issued on or after October 21, 2024).

The next table describes the maximum charges that you will pay each year if you choose to purchase an add-on benefit.

Add-On Benefit Expenses

Optional Benefit Charges	
Add-On Benefit Charges (% of average daily account value of Investment Divisions)	Maximum Charge
Liquidity Option	0.25%
Earnings Protection Benefit (“EarningsMax”)	0.70%
Add-On Benefit Charges (% of benefit base)	Maximum Charge
Guaranteed Minimum Accumulation Benefit (“Principal Guard”)	3.00%
Return of Premium Guaranteed Minimum Death Benefit	0.40%

The next table shows the minimum and maximum total operating expenses charged by the Funds that you may pay periodically during the time that you own the Contract (before any fee waiver or expense reimbursement). The expenses are expressed as a percentage of average net assets of the Funds and may be higher or lower in the future. A complete list of Funds available under the Contract, including their annual expenses, may be found in Appendix A.

Annual Fund Expenses

	Minimum	Maximum
Expenses that are deducted from the Fund assets, including management and administration fees, distribution and/or service (12b-1) fees, and other expenses as of December 31, 2021.	0.52%	2.44%

EXAMPLE

The table below is intended to help you compare the cost of investing in the Contract with the cost of investing in other variable annuity contracts. These costs include transaction expenses, annual Contract expenses and annual Fund expenses. The Example assumes that you invest \$100,000 in the Contract for the time periods indicated. The Example also assumes that your investment has a 5% return each year, and assumes the most expensive combination of annual Fund expenses and add-on benefits available for an additional charge (using the maximum possible charge). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

If you take a total withdrawal of your Contract Value at the end of the applicable time period				If you annuitize at the end of the applicable time period				If you do <u>not</u> take a total withdrawal of your Contract Value			
1 Year	3 Years	5 Years	10 Years	1 Year*	3 Years	5 Years	10 Years	1 Year	3 Years	5 Years	10 Years
\$13,296	\$25,012	\$35,740	\$62,547	\$13,296	\$20,012	\$32,740	\$62,547	\$6,796	\$20,012	\$32,740	\$62,547

*Withdrawal charges apply to annuitizations occurring within one year of the Contract's Issue Date.

The example does not represent past or future expenses. Your actual costs may be higher or lower.

APPENDIX A

FUNDS AVAILABLE UNDER THE CONTRACT

The following is a list of Funds (all Class A shares) available under the Contract, which is subject to change, as discussed in the prospectus. Certain broker-dealers selling the Contracts may limit the Investment Divisions that are available to their customers. You can find the prospectuses and other information about the Funds online at <https://www.jackson.com/fund-literature.html>. You can also request this information at no cost by calling 1-800-644-4565 or by sending an email request to ProspectusRequest@jackson.com.

The current expenses and performance information below reflects fees and expenses of the Funds, but does not reflect the other fees and expenses that your Contract may charge. Expenses would be higher and performance would be lower if these charges were included. Each Fund's past performance is not necessarily an indication of future performance.
